GENDER AUDIT

The College conducted Gender Audit in 2021-22 to create awareness about respect for every gender and also to identify ways to make college campus safe for women. The Women Empowerment Cell of the College ensures awareness about their objectives throughout the year by conducting various seminars, self-defense workshops and motivational lectures about women empowerment. As per the guidelines of Supreme Court, UGC, Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013, an Internal Complaints Committee has been established by the College with an objective to Prevent Sexual Harassment of any gender at the college. Various seminars, Guest Lectures and workshops are organized throughout the year to teach the students about their rights and laws and to fight against any kind of sexual harassment. A gender audit is a tool to check and assess the institutionalization of gender equality into organizations, including in their policies, programs, projects and/or provision of services, proceedings etc. The basic assumption of gender audit in an educational institution is that public policy impacts differently on female and male learners. The purpose of gender audit is to lead to changes in public policy that contribute to an increase in gender equality. Unless a gender audit is done, we cannot answer the question: Is the Institution doing everything it can to improve the status of women in general and the representation of women's voices in particular? UNICEF says gender equality *"means that women and men, and girls and boys, enjoy the same rights, resources, opportunities and protections. It does not require that girls and boys, or women and men, be the same, or that they be treated exactly alike"*. On a global scale, achieving gender equality also requires eliminating harmful practices against women and girls, including sex trafficking, femicide, wartime sexual violence, gender wage gap, and other oppression tactics.

, I Gender Policy of the College

- Safe learning ambience.
- Guarantee of fairness and equal opportunities.
- Promotion of girls' participation in sports, N.C.C, N.S.S. and Cultural activities.
- Encouragement to students to take advantage of facilities available in the college.
- Counseling of girl students in respect of laws for women, health, diet and self defence.
- Preparation of girls to face placement procedure with equal weightage as boys.
- Develop leadership among girls through sports, N.C.C and N.S.S.
- Holistic development of girls' and boys'.

Executive Summary

Gender equality is the state of equal ease of access of resources and opportunities regardless of gender including economic participation and decision making and the state of valuing different behaviors and aspirations. This report aims at making a gender audit after studying various aspects to check the impact of its current and proposed policies of gender equality. The purpose of audit was to ensure that the practices followed in the campus are in accordance with the gender policy adopted by the institution.

An analysis was conducted so as to study, identify, evaluate and validate the aspects associated with gender issues. The principle of gender equality is enshrined in Indian constitution in preamble, fundamental rights, fundamental duties and directive principles. The constitution not only grants equality to women but also empowers the state to adopt measures of positive discrimination in favor of women

Girls Hostel

For a girl two things are important: who and what she wants". The right place where girl can be given the chance to blossom and conquer the world is at home and school. Girls' Hostel is one type of residential care service which provides out-of-home care for the youth either at school or at work.

The objectives of Girl's Hostel are:

- To nurture life skills like friendship, co-operation, sense of belongingness, mutual understanding, etc.
- To take care in the form of small-group living within the hostel to facilitate individual contact, attention and closer relationship between residents in the hostel.
- To provide guidance and supportive counseling to the residents on their personal problems.
- To encourage to participate in social and recreational activities

students. Every room has 3 beds. There is separate mess for girls. All measures of cleanliness are observed. The girls are provided with healthy food, water purifiers are also installed in the hostel premises. Periodically, yoga and self-defense trainings are also organized for girl.
