149 - Prime Minister Shri Narendra Modi on May 14 introduced a stimulus package worth nearly Rs. 21 trillion (US\$ 277 billion) equivalent to around 10% of India's GDP to aid the people worst hit by the coronavirus (Covid-19) pandemic and open up new avenues of trade, investment, and employment in the economy.

An extensive set of reform and relief measures being enforced as part of the stimulus package that will help boost equitable growth in post coronavirus India. Improved liberalisation, policy amendments, relaxed regulations, infrastructure investments, skill development etc, will build a future resilient India.

The building of a strong and resilient nation can only happen with the active cooperation of India's global partners. To that end, the Central Board of Secondary Education (CBSE) has constituted an "Empowered Group of Experts" to review the curriculum and pedagogical practices in schools.

Secretaries (EGOs) and project development cells (PDC's)" in Ministries/Department to attract fresh investments into India.

- * Empowered Group of Secretaries (EGOs)
- The EGOs and PDCs from various ministries/Departments are part of a proposal for enhancing investment in India.
- EGOs and PDC is an important step in realising PM Modi's vision of a US\$5-trillion economy.
- The initiative will make India a more investor friendly destination further smoothening investment inflows.
- This will bring synergies and ministries and the State Government in investment/incentive policies.
- Increased foreign participation will boost domestic industries and employment.

In the midst of the Covid-19 pandemic, India is presented with an opportunity to attract FDI from companies that are looking to diversify their investment into new geographies to mitigate risks. To empower such opportunities the Government is determined to enforce an investment-friendly ecosystem that support foreign participants.
